8. MATCH REQUIREMENTS

At the core of the CMF is community input in the form of volunteer labour, donated materials, donated professional services, and/or donated or fund-raised cash from community members. A significant portion should come from the neighbourhood or community itself. The value of community input must at least match the funding requested.

There are several types of contributions eligible for meeting the Fund's community matching requirements:

Volunteer Labour

Individuals can contribute time to a project in many ways, including: serving on a steering or planning committee, organising events, attending working bees, and attending community meetings, etc.

Note that:

- Volunteer labour is matched at a rate of \$15 per hour of time donated
- For preparing a Small CMF application up to 2 hours of volunteer time may be claimed
- For preparing a Large CMF application up to 6 hours of volunteer time may be claimed
- If you claim volunteer labour contributions, you CANNOT give payments or gifts to these volunteers.

Professional Services

Donated professional services must be relevant to the project, and proportionate to its needs.

- On their letterhead, donors must document the hours anticipated to achieve the work they are donating
- Services are valued at a maximum rate of \$65 per hour
- An individual or business that will be paid for any project-related work cannot additionally pledge volunteer time, or donate other goods or services to the project.

Applicants should decide early on whether professional services will be donated or purchased with the CMF grant.

Donated Materials or Supplies

All donated materials and supplies (food, tools etc.) are valued at their retail prices. Borrowed equipment can also be considered as part of the match, valued at the standard rental fee.

Cash

Cash donations can come from fundraising events, individuals, foundations, businesses, and/or community groups.

9. APPLICATION PROCESS

Before submitting any application applicants **MUST** contact the RLC Administrator to discuss the project and their application. Applicants applying for funding from the Large CMF will be required to attend an interview with the CMF Assessment Committee.

10. ASSESSMENT OF APPLICATIONS

For Small CMF grants, the assessment will be done by three RLC staff members, including one senior staff member. For Large CMF grants, an assessment committee will consist of at least one RLC Councillor, a Te Arawa Representative and three community organisation representatives.

Applications for large grants will be reviewed against four criteria, to produce a total score out of 100 points.

Proposed idea (30 points)

You will need to explain exactly what you will do, how the project will benefit the broader community and/or neighbourhood, and why you want to do this project. You should include the step-by-step activities that make up your project.

Neighbourhood involvement/Community building (30 points)

Projects should involve as many diverse groups and individuals as possible and should reflect the demographics of your community, including young people, seniors, migrants and refugees, renters, homeowners, business organisations etc. We ask that you identify all of the volunteer opportunities in your project.

Outcomes (10 points)

We want to know what tangible and/or intangible results your project will achieve and how you will measure the project's success.

Project resources and readiness (30 Points)

Project readiness means the project has been well-planned and will be successful in generating enough matching funding within the timeframe required by the fund. We ask

for a detailed project budget and documentation of matching community input, including a fundraising plan if applicable.

11. UPLIFTING OF FUNDS

Once a project has been allocated funding, an Acceptance of Grant letter (for Small CMF) or Contract Agreement (for Large CMF) and a purchase order number, will be sent to the organisation. Upon the return of the signed letter or agreement and an invoice, the project is underway. Groups that are not legal entities may appoint a fiscal sponsor/umbrella organisation.

12. ACCOUNTABILITY

Funds may only be spent as approved in your application. An Accountability Form will be provided for you to complete at the end of the project. This report must also include a financial report, and photographs should be provided wherever possible. Any change to the approved application must be negotiated prior to funds being spent.

13. RECOGNITION OF ROTORUA LAKES COUNCIL'S CONTRIBUTION

It is important to acknowledge the contribution that RLC and the Rotorua community has made to the project's success. Recipients are expected to acknowledge this contribution in any media releases and marketing material.
