

## Workshops

From time to time council will hold workshops. The purpose of a workshop or briefing is to prepare councillors with the appropriate background and knowledge to make robust decisions for their communities, and to allow discussion among and between elected members and council staff. Workshops are part of an educative phase of the council’s decision making process. Workshops cannot be used to make final decisions, as final decisions and resolutions cannot lawfully be made outside the context of a properly constituted meeting.

It is intended that all workshops are open to the public in accordance with requirements of the LGA 2002, that ‘....a local authority should conduct its business in an open, transparent and democratically accountable manner....’

The reasons for excluding the public from a workshop are detailed in Section 7 of the Local Government Official Information Meetings Act 1987.

The table below provides information on whether a session is open or closed to the public and if closed, the reason for this decision.

### Rotorua Lakes Council workshops

Date/Time /Venue	Duration	Title of workshop & workshop notes	Workshop outline	Open / closed workshop	Councillor attendance
27 May 2025 9:30am-11:30am Committee Room 1	2 hours	<b>Confidential Workshop – CE Performance Review</b>	The purpose of this workshop is for the CE Performance Review.	Closed  Confidential for the reasons of: <ul style="list-style-type: none"><li>To protect the privacy of natural persons, including that of deceased natural persons (s 7(2)(a)).</li></ul>	

Date/Time /Venue	Duration	Title of workshop & workshop notes	Workshop outline	Open / closed workshop	Councillor attendance
14 May 2025 1-3:30pm Chamber	2.5 hours	<b>Confidential Workshop – Contract Extension and Bylaw Reviews</b>	The purpose of this workshop is to discuss contract extension and bylaws up for review.	Closed  Confidential for the reasons of: <ul style="list-style-type: none"><li>• To enable council to carry out, without prejudice or disadvantage, commercial activities (s 7(2)(h)).</li><li>• To maintain legal professional privilege (s 7(2)(g)).</li></ul>	
7 May 2025 1-3pm Committee Room 2	2 hours	<b>Workshop – Solution for Recovered water from Upgraded Waste Water Treatment Plant</b>  Investigations into a suitable management and discharge site for the recovered water from Rotorua’s upgraded Waste Water Treatment Plant have been going for some time.  The purpose of this workshop is to provide and discuss with elected members a broad indication on the proposed decision-making framework approach to guide the Recovered Water Management options selection.  Questions from RLC Councillors included: <ul style="list-style-type: none"><li>• Is the Government’s fast track option available for projects such as this?</li><li>• What is the difference between what we are doing now and what we will be doing with the upgraded plant?</li><li>• Would continuing to discharge into the forest be an environmentally acceptable option.</li><li>• If we come up with an acceptable frame-work could it be used for other projects.</li><li>• Could a Māori-owned farm, that is planted out, be considered as an option.</li><li>• A comment was that the Public Works Act should not be considered as an option.</li><li>• Are the parameters around mana whenua input too prescriptive?</li></ul>	The purpose of this workshop is to discuss a decision-making framework to guide the solution selection for thew recovered water from the Waste Water Treatment Plant, noting that the current discharge site is on CNI’s land in the Whakarewarewa Forest and a new solution will be required.	Open	

Date/Time /Venue	Duration	Title of workshop & workshop notes	Workshop outline	Open / closed workshop	Councillor attendance
		<ul style="list-style-type: none"><li>Is it better to go with concept approval for a framework before adding in the detail?</li><li>A comment was that there were concerns about the wording around lwi involvement.</li><li>What lwi expertise has been engaged and if lwi determine that there is a better way to engage with lwi than this framework would this be possible?</li><li>How are we going to engage effectively with lwi going forward so that past mistakes are not repeated?</li><li>How would the significance and engagement policy effect the framework?</li><li>How will the RMA reforms effect this project?</li><li>Are we going to limit options in the future for using the grey water from the plant for household purposes if financial affordability at this time has too much influence as a weighting.</li><li>A comment was that there seemed to be a slight overlap in the weightings.</li><li>How is lwi holistic and collective decision-making reflected in this framework?</li><li>Council has responsibilities under the LGA to lwi, can this be reflected in future workshops?</li><li>General comment were that Councillors would like to give the weightings more thought before making any decisions on them.</li><li>There was a suggestion that there be a Councillor representative on Council project teams, as there was in the last triennium.</li><li>A suggestion of coming up with the weighting would be to identify, the issues that could negatively impact on the progression of the project.</li><li>There was general appreciation of the values shared, with Councillors to feed back via email.</li></ul>			

Date/Time /Venue	Duration	Title of workshop & workshop notes	Workshop outline	Open / closed workshop	Councillor attendance
28 April 2025 1-3pm Chamber	2 hours	<b>Confidential Workshop - Relationship Agreement with Ngāti Kearoa Ngāti Tuarā</b>	The purpose of this workshop is to discuss the agreement with Ngāti Kearoa Ngāti Tuarā and the commercial terms of the agreement.	Closed  Confidential for the reasons of:  To carry on, without prejudice or disadvantage, negotiations (including commercial and industrial negotiations) (s7(2)(i)).  To protect information which if public would; i. Disclose a trade secret; or ii. Unreasonably prejudice the commercial position of the person who supplied or who is the subject of the information (s7(2)(b)).	
17 March 2025 Committee Room 1	1.5hrs	<b>Confidential Workshop – Draft Annual Plan Consultation document</b>	The purpose of this workshop is to allow for elected members a chance to run through the draft annual plan consultation document and ask key questions of staff.	Closed:  Confidential for the reasons of:  To protect information which is subject to an obligation of confidence where the making available of the information would be likely to: i. Prejudice the supply of similar information, or information from the same source, where it is in the public interest that such information should continue to be supplied; or ii. Would be likely otherwise to damage the public interest (s 7(2)(c))	

Date/Time /Venue	Duration	Title of workshop & workshop notes	Workshop outline	Open / closed workshop	Councillor attendance
12 March 2025 1pm-2.30pm Chamber	1.5 hrs	<p><b>Workshop – BORPC Presentation: Rates Swap option for Lakes Restoration Project</b></p> <p>At this workshop RLC Councillors were provided with a presentation from Councillors and staff from Bay of Plenty Regional Council on the Tarawera Sewerage Scheme, including the Rates Swap option for the Lakes Restoration Project.</p> <p>Questions from RLC Councillors included:</p> <ul style="list-style-type: none"> <li>• What information did Prime minister Helen Clarke base her decision regarding the original Deed and funding for the 4 lakes restoration funding?</li> <li>• Did the information you provided to the Crown include information on Tarawera?</li> <li>• At that time were the 4 lakes that were included in the Deed in worse condition than Tarawera?</li> <li>• Questions relating to the differing information and research circulating on the percentage of nutrients going into Lake Tarawera.</li> <li>• Can you expand on the difference between TLI and other measures?</li> <li>• Are we likely to meet the target of removing nitrogen from lake Tarawera by 2032?</li> <li>• Based on the importance of the scheme to enable properties to be compliant is a \$750,000 a fair proportion for the Regional Council to be funding?</li> <li>• How was the estimation of the 169 properties that could not install onsite treatment and disposal systems due to site conditions arrived at?</li> <li>• Has the Privacy Commissioner been approached about the privacy in regard to the 169 properties?</li> <li>• Question relating to the original arrangements under the Deed and percentage of funding that residents were expected to fund.</li> <li>• When did rules change for the requirements on septic tanks?</li> <li>• When BOPRC says that reticulation is not the mandate of the Regional Council, is this an opinion or fact?</li> </ul>	The purpose of this workshop is for Rotorua Constituency Councillors (BOPRC) to present on the Rates Swap option for the Lakes Restoration Project.	Open	Mayor Tania Tapsell, Cr Sandra Kai Fong, Cr Conan O’Brien, Cr Don Paterson, Cr Gregg Brown, Cr Barker, Cr Robert Lee, Cr Lani Kereopa (via Zoom), Cr Fisher Wang, Cr Waru, Cr Trevor Maxwell

Date/Time /Venue	Duration	Title of workshop & workshop notes	Workshop outline	Open / closed workshop	Councillor attendance
		<ul style="list-style-type: none"><li>With that rule change did that not provide any flexibility in regard to funding policy in BOPRC to be more aligned to the need for increased funding?</li><li>When you say it is not the job of the Regional Council to support reticulation, is that a mandate or opinion?</li><li>Was the 2008 funding Deed the original Deed that identified the 4 lakes?</li><li>Is it correct that there have been at least 2 or 3 amendments to the agreement, and opportunities at those times to look at changes?</li><li>At any time was a major change to the Deed sought?</li><li>Was there an opportunity to advocate to change the Deed in regard to Tarawera previously?</li></ul> <p>In regard to the BOPRC Rate Swap solution, Cr questions included:</p> <ul style="list-style-type: none"><li>Would it be an option for BOPRC to continue with it's rating and pass on the funding directly to RLC?</li><li>Would the level of service to Rotorua residents be unchanged if the rate swap option was progressed?</li><li>Are other districts in the region concerned that Rotorua's regional council rates are going down?</li><li>Questions about rate levels in both RLC and BOPRC.</li></ul> <p>In regard to an offer of a \$4m interest free loan from BOPRC to RLC, payable within 2 years:</p> <ul style="list-style-type: none"><li>Question on whether BOPRC was consulting with the community on their Annual Plan.</li></ul> <p>Some information was shared with Councillors on the Ruapeka Bay, Utuhina and Upper Kaituna catchments.</p>			

Date/Time /Venue	Duration	Title of workshop & workshop notes	Workshop outline	Open / closed workshop	Councillor attendance
4 March 2025 9:30am-12pm Chamber	2.5 hours	<p><b>‘Local Water Done Well’ Workshop</b></p> <p>At this workshop Councillors were updated on the Local Water Done Well service delivery options.</p> <p>There were 4 presentations from the DIA, Commerce Commission, Taumata Arowai and Rotorua Lakes Council.</p> <p>Councillors questions in response to the presentation from the DIA included:</p> <ul style="list-style-type: none"><li>• Under the new arrangements how does democracy fit in, can the public vote for different people leading the CCO?</li><li>• How would a CCO have more access to Debt funding under the new model?</li><li>• Why is WaterCare provided as an exemplar given their performance?</li><li>• Is there any requirement under the models for hapu and Iwi representation?</li><li>• Do Council’s have a commitment that there will be no change?</li></ul> <p>Councillors questions in response to the presentation from the Commerce Commission included:</p> <ul style="list-style-type: none"><li>• Is this legislative change driven by Government’s lack of confidence in local councils ability to manage water services?</li><li>• If Council went for a CCO option, would the Commission have a view on installing water meters?</li><li>• If there was an extreme climate change event and water couldn’t be supplied, does Council have indemnity if the water can’t be supplied by the CCO?</li><li>• If an inhouse service is provided what level of scrutiny would the Commission have over other Council levels of service in terms of overall Council spend?</li><li>• Are there likely to be any changes when the Bill is enacted.</li></ul> <p>Councillors questions in response to the presentation from the Taumata Arowai included:</p> <ul style="list-style-type: none"><li>• Where do plastics and micro-plastics fit into the standards?</li></ul>	<p>The purpose of the workshop is to update elected members on the modelling of the water services delivery options under the government's Local Waters Done Well reform programme.</p> <p>Feedback is being sought from elected members on a preferred option for community consultation.</p>	Open	<p>Mayor Tania Tapsell, Cr Sandra Kai Fong, Cr Conan O’Brien, Cr Don Paterson, Cr Gregg Brown, Cr Barker, Cr Robert Lee, Cr Lani Kereopa, Cr Fisher Wang, Cr Waru</p> <p>Apologies: Cr Trevor Maxwell</p>

Date/Time /Venue	Duration	Title of workshop & workshop notes	Workshop outline	Open / closed workshop	Councillor attendance
		<ul style="list-style-type: none"><li>Have you given any consideration into what fluoride does too water pipes?</li><li>Who would be responsible for maintenance contracts, the network operator/CCO or Council?</li><li>Where there is a strong difference of opinion between Council and the CCO, who makes the decision?</li><li>How much is the eventual discharge into the ocean from lakes and steams being taken into account?</li><li>Are our fisheries being considered in the rules and regulations being developed?</li><li>Are you looking at the cumulative effects on catchments?</li><li>Are your standards based on international research?</li><li>How are the standards applied to Regional Councils?</li><li>Why are hot water cylinders failing in the Hawkes Bay?</li><li>Is there any research being done on failing water infrastructure due to fluoride?</li><li>Is there provision to apply for reduced treatment of water supplies when there is a reduced risk of contamination?</li><li>How would Council’s future planning to increase housing supply and associated infrastructure in Rotorua be effected by the new arrangements?</li></ul> <p>Councillors questions in response to the presentation from the Rotorua Lakes Council included:</p> <ul style="list-style-type: none"><li>What specificity do we need to provide to the public during consultation to decide on the appropriate method of delivery in the future?</li><li>When consulting with community on the multi-agency option, how do we advise on possible options when other Councils are also consulting on various options and it is not clear who ERLC might partner with?</li><li>Does the Mayoral Forum 12 December have relevance to the consultation?</li><li>There were questions relating to larger councils having greater influence on multi-agency CCO’s decision-making.</li></ul>
