Please declined this application

Living in a rural community for 10 or so years we have been blessed with safe and secure ~~and~~ environment. and would like to keep it that way.

This facility will have an adverse affect on property values in the area. Emergency services be it the police or corrections their response time to any form of emergency will be to little and to late. I don't feel safe leaving my family at home during the day when im at work. The safety of our children is paramount.

Do we need to start having supervised bus stops and head counts so we feel our children are safer what we have and have worked very very hard for we value

Extra traffic and people in a rural community were most of us have a carefree attitude toward security as a community we know the location of this facility is so very wrong.

I wish to be heard in support of my submission
