Document Set ID: 3448677 Version: 2, Version Date: 23/05/2019

INSPECTIONS, MAINTENANCE AND REPORTING (address those items that apply)								
Minimum inspection and maintenance procedures:	Regular inspection and testing, and planned preventative maintenance and responsive maintenance will be carried out in accordance with the nominated performance and inspection standard/document, to ensure: • Occupants are not prevented from leaving the building and are able to leave the building without the use of swipe cards, keys or other security devices in the event or an emergency							
Inspection frequency and responsibility:	Depending on the type of installation and its performance standard/document: Specifically designed solutions: by IQP only Standard /other document: Daily: by Owner / representative Monthly by Owner / representative Six-monthly: by IQP only							
Buildings requiring daily maintenance:	 □ CS Purpose group □ CL Purpose group □ CO Purpose group □ CM Purpose group □ Building work affecting an Access Controlled Door 	☐ Risk Group CA						
Inspections & Maintenance:	Automatic sliding / revolving doors ☐ Doors which fall under the scope of SS 3/1 (Automatic sliding / revolving doors) and SS 3/2 will be inspected and tested for the appropriate items under SS 3/1 and SS 3/2. ☐ No Automatic sliding / revolving doors are present. Daily/Monthly inspections Doors will be inspected to ensure they can be opened and that they are not: Locked Barred Blocked							
	Six monthly inspections The following inspections will be carried out when appropriate: Operation of fail-safe devices in emergency & power outage situations Connection to alarm system Any emergency power supply required to operate in the event of a power failure Biannual Maintenance Back up rechargeable batteries will be replaced every two years or when found inoperable.							
Reporting:	The owner will keep records of all inspections, maintenance and repairs undertaken in the previous 24 months. These will be recorded in the On-Site Log Book, which will remain on the premises with the most recent compliance schedule, and as a minimum include: • Details of any inspection, test or preventative maintenance carried out, including dates, works undertaken, faults found, remedies applied and the person who performed the work. • Form 12A provided annually by the IQP
